

On behalf of the ODA Board of Trustees, I write today with the bittersweet news that Conor McNulty will be transitioning away from his position as our Executive Director this week. Conor has served as Executive Director of the Oregon Dental Association since 2014, and has recently been named Executive Director of the Massachusetts Dental Society. We truly wish him the best.

Conor has created an impressive culture of engagement and advocacy for the Oregon Dental Association over the past six years he has been with us. During his tenure, the Association experienced record growth in membership and non-dues revenues, passed successful legislative agendas focused on regulatory issues, scope of practice and consumer protection, increased volunteer engagement, and continued growth in tradeshow and educational offerings. Please join me in thanking Conor for his six years of service with the ODA, and wishing him well at the Massachusetts Dental Society!

ODA leadership is currently working with Kittleman & Associates, a national executive search firm, to conduct the search for our new Executive Director. Updates will be provided to membership as we move forward in our search for Conor's replacement. You can view the full press release regarding the transition and search [here](#).

Sincerely,

Barry Taylor, DMD
ODA President
