

2016 Legislative Session Overview

Oregon Medicaid Primary Care Loan Repayment Program: Provides loan repayment support to primary care providers who commit to serving Medicaid patients in underserved areas

- Created in 2013 but money was gutted at the end of 2015 session due confusion
- 1/3 of the original grantees were dentists
- Eligible participants can receive up to \$35K annually
- \$2 million re-appropriated for the remainder of the biennium

License Expungement (HB 4095): Allows licensees with minor infraction against their license to apply to the board to have the information wiped from the Board's website after ten years
